

Die Vereinten Nationen stellen fest: Sarrazin ist ein Rassist!

Das Anti-Rassismus Komitee der Vereinten Nationen „CERD“ (Committee on the Elimination of Racial Discrimination) wirft Thilo Sarrazin rassistisches Überlegenheitsdenken und rassistische Diskriminierung vor. Das CERD rügt darüber hinaus Deutschland für seine Nachlässigkeit im Umgang mit rassistischen Erscheinungsformen und fordert die Bundesrepublik dazu auf binnen 90 Tagen Stellung zu beziehen.

Wörtlich stellt das CERD fest:

„The Committee has taken note of the content of Mr. Sarrazin’s statements regarding the Turkish population of Berlin and in particular notes that he states that a large proportion of the Turkish population does not have any productive function except for the fruit and vegetable trade, that they are neither able nor willing to integrate into German society and encourage a collective mentality that is aggressive and ancestral. Mr. Sarrazin uses attributes such as productivity, intelligence and integration to characterise the Turkish population and other immigrant groups. While he uses these attributes in a positive manner for some immigrant groups, for example the East European Jews, he uses them in a negative sense for the Turkish population. He states that the Turks are conquering Germany just like the Kosovars conquered Kosovo: through a higher birth rate and that he would not mind if they were East European Jews with about a 15% higher IQ than the one of Germans. Mr. Sarrazin states that he does not have to accept anybody who lives off the state and rejects this very state, who doesn’t make any effort to reasonably educate their children and constantly produces new little headscarf girls, and claims that this is true for 70% of the Turkish population in Berlin. Mr. Sarrazin also creates an adjective to express his ideas of inferiority of the Turkish population and states that in other segments of the population, including Germans “one can see a “Turkish” problem”. He also states that he would generally prohibit influx of migrants, except for highly qualified individuals and stop providing social welfare for immigrants.

The Committee considers that the above statements contain ideas of racial superiority, denying respect as human beings and depicting generalized negative characteristics of the Turkish population, as well as incitement to racial discrimination in order to deny them access to social welfare and speaking about a general prohibition of immigration influx except for highly qualified individuals, within the meaning of article 4 of the Convention.....

The Committee recommends that the State party review its policy and procedures concerning the prosecution in cases of alleged racial discrimination consisting of dissemination of ideas of superiority over other ethnic groups based on article 4 (a) of the Convention and of incitement to discrimination on such grounds, in the light of its obligations under article 4 of the Convention. The State party is also requested to give wide publicity to the Committee’s Opinion, including among prosecutors and judicial bodies. The Committee wishes to receive, within 90 days, information from the State party about the measures taken to give effect to the Committee’s Opinion.“
